

### • REPORTING ABSENCES

- ⇒ Nursery and Primary Cycles please use the following e-mail address:  
..... → [VAR-ASSENZE-MP@eursc.eu](mailto:VAR-ASSENZE-MP@eursc.eu)
- ⇒ Secondary cycle please use the following e-mail addresses (depending on the class):
  - S1, S2, S3..... → [VAR-assenze-S123@eursc.eu](mailto:VAR-assenze-S123@eursc.eu)
  - S4, S5..... → [VAR-assenze-S45@eursc.eu](mailto:VAR-assenze-S45@eursc.eu)
  - S6, S7..... → [VAR-assenze-S67@eursc.eu](mailto:VAR-assenze-S67@eursc.eu)
- ⇒ In the case of absence due to illness, no medical certificate/attestation is required for return to school (the obligation to justify any absence remains).  
The school (through the Medical Service) reserves the right to request a medical certificate/attestation declaring illness after absence due to illness of more than:
  - 3 days for the nursery cycle.
  - 5 days for the primary and secondary cycles.
- ⇒ Without prejudice to the obligation to report any absence as indicated above, for privacy reasons any medical documentation should be sent exclusively to the Medical Service ([VAR-MEDCENTRE@eursc.eu](mailto:VAR-MEDCENTRE@eursc.eu)).

### • RECOMMENDATIONS RELATED TO THE PREVENTION OF SARS-CoV-2 TRANSMISSION

- ⇒ In the event of mild respiratory symptoms of an unspecified nature (rhinitis, coughing, etc.), students may attend school, but wearing a mask is recommended.
- ⇒ Pupils who test positive in a diagnostic or antigenic test for Covid are no longer subject to isolation measures. However, it is recommended to observe the same precautions as for preventing the transmission of respiratory infections:
  - If one is symptomatic, stay at home until the symptoms have ended.
  - Even in the case of students with an asymptomatic positive covid swab, it is recommended to wear a mask to frequent the school community.
  - The Medical Service will assess whether students with moderate/severe symptoms should return home.
- ⇒ Possible changes may be made in the event of new indications from the Ministry of Health, attached is the latest available circular which we strongly encourage you to read: [Aggiornamento delle misure di prevenzione della trasmissione di SARS-CoV-2](#).
